Information and Communication Technology

Information and Communication Technology (ICT) predominantly focuses on communication technology through various platforms like the internet, phones, networks, apps and so on. The world has become a global village and the exchange and garnering of required information is of utmost need to survive in the present social structure. The entire outlook towards teaching and learning has changed during and post COVID times. At the same time, the rapid development of information technology in the new-age cannot be ignored. To get mileage out of the benefits of information and technology, Govt College Sanjauli has integrated Internet and interactive multimedia in their formal teaching process.

Proceedings -

Today on October 04, 2021, a hostel committee meeting was called in Principal office regarding boarders demand for basic computer courses. As many students want to pursue computer courses and many of them have already applied for permission to Principle to allow them to attend the courses available in private sector in the market, outside the campus. However, considering the present challenging situation, and adhering to the strict COVID-SOPs and appropriate behavior, can't be allowed at a mass level. Hence, it is suggested that a basic computer course should be started especially for all the interested hostellers by the institution itself, within the campus. After completion proper certificates must be provided to the successful aspirants. It is also suggested that no fees must be charged from the hostellers for the course as majority of hostellers belong to the needy segment of the society. As the noble cause, on one hand shall help enhance the skills confidence of these students, moreover shall save them from wasting lot of money in the outside private sector. College administration is requested bear all the collateral expenses for this noble cause from its own welfare resources.

The following members were present:

1. Manoj Malhi *Manoj*
2. Sandhya *Sandhya*
3. Pooam Shu *Pooam*
4. V. M. Sharma *V. M. Sharma*
5. Kamayani *Kamayani*
6. Nil Chakraborty *Nil Chakraborty*
7. Sandeep Katti *Sandeep Katti*
8. Ujjwal Kari *Ujjwal Kari*

Basic computer training programme has been completed as per the schedule and requirements decided in the meeting.

P.T.O.
Contd - -
