

A Report on Seminar on “Emerging Technologies and Future Career Opportunities”

A seminar on “Emerging Technologies and Future Career Opportunities” was conducted today on 21st Sept, 2026 at **Govt. Degree College Sanjauli, Himachal Pradesh**, in collaboration with **Infomaths Studies Pvt. Ltd., Chandigarh**.

The seminar aimed to create awareness among students about the rapidly evolving technological landscape and the impact of emerging technologies on industries, education, employment, and entrepreneurship. The session also focused on future career opportunities, industry expectations, skill development, and the importance of staying updated with technological advancements.

Students of **BCA 3rd Semester, BCA 5th Semester, and PGDCA 1st Semester** actively attended the seminar and gained valuable insights into emerging technologies and career possibilities in the technology-driven world. The session was **interactive, informative, and career-oriented**, providing students with useful guidance for making informed decisions regarding their future careers.

The seminar concluded successfully, with students actively participating and raising their queries. The students' queries were addressed satisfactorily, and they expressed their appreciation for the informative and useful session.
