

Report on National Space Day Celebration on August 11, 2025:-

Held at Rajiv Gandhi Government College, Chaura Maidan, Shimla

Date: August 11 , 2025

Time - 10am – 01:00 pm

Venue: College Auditorium

Participants: Second and Third Year Students of Geography & Physics Department

Overview - The Department of Geography in collaboration with Physics Department went for an Exhibition and Quiz Competition at Kotshera College, Shimla, to promote scientific awareness and creativity among students. Our team presented a 3D model on “India Satellite”, showcasing India’s contribution to space research and global communication. The model displayed a realistic Earth structure with orbiting satellites representing Indian missions such as INSAT, GSAT, and NAVIC. It demonstrated the role of satellites in communication, weather forecasting, and Earth observation. In this competition we won second prize.

A Quiz Competition was also conducted, focusing on topics related to space technology, geography, and current scientific developments. Students from Second and Third Year actively participated with great enthusiasm. In this competition we stood first.

In Extempore Competition our student Arushi of B.A. IInd Year stood First.

Conclusion - The event was a great success as we won prizes in all the categories. This event provided our students an opportunity to enhance their scientific knowledge, teamwork, and presentation skills. The efforts of all participants were appreciated by faculty and visitors.

Team Incharge :

1. Dr Kirti Singha, Assistant Professor Department of Physics (HoD)
2. Ms Mona Sharma, Assistant Professor Department of Geography (HoD)
3. Dr Adarsh Sharma, Assistant Professor Department of Geography

Name of Students participants :-

Ba 2nd Year - Yashwardhan, Banita, Arushi, Ayush, Abhinav, Arush

Ba 3rd year – Chetan Rana, Abhay, Parveen

Physics Department Students –

Abhishek Sharma, Kritika Negi, Vanshika Sharma, Prikshit Sharma.

Glimpse of the event
