COE, GDC Sanjauli, Shimla

Prospective Plan for the academic session 2023-2024

- A. We are looking forward to organize several environmental awareness activities in collaboration with H.P Council for science, technology and environment (HIMCOSTE). Following activities are lined up for this year.
- a. Celebration of Akshay Urja Diwas in the month of August.
 - b. Organization of an event in collaboration with HIMCOSTE on International day of action of rivers (March 14th).
 - c. Organization of workshop on cross-cutting issues like gender equality, climate change, values and culture of Indian society.
- B. Organization of Workshop on Disaster Management and awareness
- C. To continue the tradition of organizing ten days hands on training program for the subject Geographical Information System (GIS) in collaboration with Geography Department, Himachal Pradesh University.
- D. In this session we are in process to send our final year students to do hands on course from Geoinformatics Department, Palampur Agriculture University (HP).
