

Role of National Cadet Corps in developing soft skill among youth in India

1 introduction

Soft skill basic necessity for student 2 to survive as a good human being as well as good employer. This skills help the person to build healthy relationship among different kind of people . In a day we come across with so many different people having different attitude and behavior. Dealing with them without hurting them is a big challenge for us. As an employer we should know no the magnitude teamwork, complete ting given task in stipulated time in an enhanced v and also graduation of ourselves in a hectic schedule. If we are unable to gratify this, then as a person and employer it is a complex to endure in today's competitive world.

2 about soft skills

What is soft skills?

Web portal define soft skill as the interpersonal human people or behaviour skills that needs to apply technical skills and knowledge in the workplace. According to the Hewitt Sean soft skills are not technical, intangible, personality specific skills which determines in individuals strength as a leader listener and negotiator, or as a conflict mediator. Soft skills are the traits and abilities of attitude, approach and behaviour rather than of knowledge or technical aptitude.

2.2 importance of soft skills

As per the studies of ISESE, IT INDICATES that employee will look for non- cognitive skills, which are predominantly generic skills and promote long-term success of the employees. The second is specific skills which are mostly expected from employees engaged with the technical work load. Third is value related to to acquiring skills like the time management, positive attitude, ethics etc.

3 Higher Education In I

as per the previous studies higher education in India has many challenges as it does not match with the global quality standard. There is need for an amplifier assessment of the quality of Higher Education institutions. these institutions assumed that quality could be determined by as no. Of students passed, number of books and journals in the library, techno-savvy campus and size of the endowment etc. Rather it's efficient use of resources and fruit producing highly skilled employable graduates.
