

A Report on Project Presentations

The Project presentations of B.Sc. 5th semester (SEC) students were organized during the session of 5th Semester by Department of Physics on October 11, 2019 at Centre Of Excellence Govt. College Sanjauli, Shimla under UPSS (Undergraduate Physics Students). The whole event was organized into six segments by dividing the class students into six groups. Topics were assigned to each group. Each group presented their projects either in the form of charts or in working models form. Every student explained its project with facts and knowledge. Every student was enthusiastic and full of confidence during the presentation.
