### 2.11 Capacity Building of Students

The college runs structured capacity-building initiatives that focus on equipping students with essential life skills and nurturing key graduate attributes through workshops, seminars, and co-curricular activities. These programmes/events strengthen critical thinking, decision making, effective communication, stress management, and emotional resilience, enabling students to handle academic and personal pressures with confidence. At the same time, targeted sessions on language proficiency and interpersonal skills help refine written and verbal expression, teamwork, and professional readiness, ensuring that graduates are holistically prepared to meet the demands of the workforce and contribute positively to society.

### Certificate of Participation

This is to certify that forty-two (42) students from the Department of Geography, BA III Skill Course, Government Degree College (COE), Sanjauli, Shimla, actively participated in a Four-Day Field Technique and Survey Exercise conducted in Baga Sarahan Village (H.P).

Faculty Members:

- Dr. Khyal Chand (Course Teacher)
- Mona Sharma (Head of Department)
- Dr. Adarsh Sharma (Assistant Professor)

Students: 42 participants, divided into 6 thematic groups.

Objectives: The survey explored dynamic geographical and socio-economic transformations in Sarahan Village, focusing on key themes including:

- Demographic dynamics
- Sociocultural changes
- Cropping patterns
- Economic development
- Climate change impacts
- Disaster risk reduction strategies

This hands-on exercise enhanced students' skills in data collection, data analysis, and report writing, while providing practical insights into research methodology and analysis.
