2.2 (i) Awareness about different Scholarship Schemes and 100% coverage of all eligible candidates

At Government College Sanjauli, there is a strong focus on raising awareness about various scholarship schemes to ensure that all eligible students benefit from financial support. The college facilitates access to both government and non-government scholarship programs, with a particular emphasis on the National Scholarship Portal (NSP), where students are actively encouraged to register. The college administration conducts awareness drives, explaining the process of applying through the NSP, providing step-by-step guidance to ensure that students understand how to enroll and avail these opportunities. This proactive approach has resulted in a significant number of students enrolling on the NSP, allowing them to secure scholarships and freeships from various government schemes.

https://www.gcsanjauli.edu.in/files/induction_meeting_2024-25.pdf

- i. **100% Coverage of Eligible Students** : the college ensures that 100% coverage is achieved for all eligible students who apply for scholarships. From the moment of admission, information about the various scholarship schemes is disseminated via workshops, notices, and the college website. During these sessions, students are encouraged to apply for government-funded scholarships based on eligibility criteria such as merit, need, or socio-economic status. Awareness through college notice board and website is created.

Link to the notice: https://www.gcsanjauli.edu.in/files/scholarship/scholarship_2024-25.pdf

- ii. **Scholarships Beyond Government Schemes** In addition to government schemes, the college also raises awareness about scholarships provided by non-governmental organizations and private institutions. (PTA scholarship & college free ships , where students fees is refunded who claim to be under IRDP and BPL Category). The information on these scholarships is made available to students through regular updates on notice boards, the official website, and during orientation sessions. Students are encouraged to apply for these opportunities, expanding their chances of financial support. The outcome of these efforts has been significant, with over **525 students receiving scholarships** from various sources, including government and private agencies has been confirmed. This year total 560 forms have been verified out of which 525 students have received scholarship and 35 students are under process of receiving. This widespread access to financial assistance has relieved students from financial burdens, allowing them to focus on their academic goals. Government College Sanjauli takes pride in supporting its students by ensuring that all those eligible for financial aid are well-informed and guided through the scholarship application process. Detailed records of all scholarships awarded are maintained and provided in a separate folder for transparency and reference.
