

## Criterion : 5.2.5

### Special Initiative: Blood Donation Drive (Session 2024–25)

#### Objective of the Initiative

The Blood Donation Drive was organized as a special humanitarian initiative to:

- Promote voluntary blood donation among youth
- Foster values of empathy, civic responsibility, and service to humanity
- Encourage student participation in life-saving public health activities
- Strengthen community engagement through institutional social responsibility

#### Description of the Activity

During the academic session 2024–25, the **NSS and NCC units of Government College Sanjauli** jointly participated in a Blood Donation initiative aimed at addressing the critical need for blood in medical emergencies.

Motivated by the message **“Be the Answer to Someone’s Prayer”**, students actively volunteered to donate blood, reflecting the spirit of selfless service and national commitment. The initiative was conducted with due medical supervision and safety protocols, ensuring donor well-being and ethical standards.

NCC cadets and NSS volunteers demonstrated exemplary discipline, awareness, and social sensitivity by coming forward voluntarily. The activity aligned with the broader ethos of national service and community welfare, reinforcing the institution’s commitment to social outreach beyond the classroom.

#### Student Participation

- **NSS Volunteers:** Actively mobilized students and supported awareness generation
- **NCC Cadets:** Voluntarily donated blood, demonstrating leadership and civic duty
- Participation included **both awareness support and direct blood donation**

#### Outcomes and Impact

- Immediate contribution to saving lives through voluntary blood donation
- Enhanced awareness among students about blood donation and health responsibility

- Strengthened values of compassion, altruism, and national service
- Positive community engagement and institutional visibility in social welfare activities

### **Social and Community Impact**

The initiative directly benefited the local healthcare system by contributing to blood reserves required for emergency and critical care. It also fostered a strong culture of volunteerism and social responsibility among students, encouraging them to engage in meaningful community service activities.

### **Conclusion**

The NSS–NCC Blood Donation Initiative of Government College Sanjauli during the session 2024–25 stands as a significant example of student-driven social responsibility. By donating blood and promoting awareness, students translated institutional values into meaningful action, reinforcing the college’s commitment to holistic education and nation-building.
